# NEW MEXICO LEGISLATORS ON THE RUN

Positive, trending naturopathic health topics reaching thousands of healthy, active families in our great state.

## State has chance to take the lead.

### Lights, Camera, Action.

The **New Mexico Association of Naturopathic Physicians** invites you to **be pro-active and participate** in *licensure for Naturopathic Doctors in 2019*. Here's your chance to take the lead and help deliver Natural Health to all communities in New Mexico, as well as stimulate **Economic Development** - naturally.

By passing this Bill, we avoid falling behind popular health trends and passed legislation in other states - please join us in our efforts to raise awareness and finally bring all of Naturopathic Medicine's well-known and proven benefits to *all* the communities and families of New Mexico.
